

Geophysical Equipment

The following list contains geophysical equipment housed in the Grant Institute for use in teaching and research within the School. Equipment is available to staff and students to aid teaching and research projects.

To borrow equipment please email Colin Kay <colin.kay@ed.ac.uk> or phone to check availability and any costs involved.

The list below is a summary of what is available. Do not assume that presence of an item below means it is available to be used. Email as early as possible to check availability and suitability. This list will be upgraded over time to reflect new purchases.

NOTE Technical assistance is mandatory with certain pieces of equipment.

Category	Equipment	Serial Number
Geophysical	La Coste Gravity Meter	G275
	Topcon Geodetic Total Station	Q40 794
	ABEM Terrameter and Booster	8825002 8824904
	Geonic EM/16/16R	1339089
	ABEM Wadi	8826701
	2 x Geometrics G856 Magnetometer	20132 20399
	1 x Geometrics G816 Magnetometer	
	Geometrics ES3000 Seismograph	5119
	Geometrics ES-1225 Seismograph	
	2 x Optical Levels	
	Campus Geopulse	none
	ABEM Max Min	7331
