

The Hutton Club

Friday 17th February

Dr. Andy Casely

GeoSciences, University of Edinburgh

I went to the doctor the other day...
I said, '*I've broken my leg in three places*'.
He said, '*Don't go to those places*'.
So that's my excuse for not going to
the **Hutton Club** this week...

**'Good for glaciers, bad for people?
Disentangling the effects of climate and
human impact in Norse Iceland'**

Old Library – Geography – 4 pm

Refreshments are hidden under one of the 3 cups at
the back of the room – but which one?
