

List of contributors

THE EDITORS

Paul A Longley

Professor of Geographic Information Science at University College London. Research interests: geographical information systems and science; spatial analysis; geodemographics; data integration, especially involving remote sensing and socioeconomic sources; social survey research practice; management of geographical information; fractal geometry.

Centre for Advanced Spatial Analysis (CASA) and Department of Geography, University College London, Gower Street, London WC1E 7HB, UK
Tel: +44-20-7679-1782; Fax: +44-20-7813-2843;
E-mail: plongley@geog.ucl.ac.uk

Michael F Goodchild

Chair of the Executive Committee of the National Center for Geographic Information and Analysis (NCGIA), and Professor of Geography at the University of California, Santa Barbara. Research interests: GIS; environmental modelling; geographical data modelling; spatial analysis; location theory; accuracy of spatial databases; statistical geometry.

Department of Geography, University of California, Santa Barbara, CA 93106-4060, USA
Tel: +1-805-893-8049; Fax: +1-805-893-7095;
E-mail: good@ncgia.ucsb.edu

Dr David J Maguire

Director of Products and International at the Environmental Systems Research Institute (ESRI) in California. Research interests: spatial databases; GIS customisation; GIS implementation and object-oriented systems.

Environmental Systems Research Institute Inc., 380 New York Street, Redlands, California 92373, USA
Tel: +1-909-793-2853; Fax: +1-909-793-5953;
E-mail: dmaquire@esri.com

David W Rhind

Vice-Chancellor and Professor of International Science in City University, London; formerly Director General and Chief Executive of the Ordnance Survey of Great Britain. Current research interests include

information and data policy issues nationally and internationally; the workings of government; public/private sector interactions and how to make organisations succeed.

City University, Northampton Square, London EC1V 0HB, UK
Tel: +44-20-7040-8002; Fax: +44-20-7040-8596
E-mail: d.rhind@city.ac.uk

THE OTHER CONTRIBUTORS

Prudence S Adler

Associate Executive Director of the Association of Research Libraries in Washington, DC. Research interests: information policies; telecommunications; copyright and intellectual property issues.

Association of Research Libraries, 21 Dupont Circle, N.W., Suite 800, Washington, DC 20036 USA
Tel: +1-202-296-2296 x104; Fax: +1-202-872-0884;
E-mail: prue@arl.org

Seraphim Alvanides

Lecturer in Geography in the School of Geography, Politics and Sociology at the University of Newcastle upon Tyne. Research interests: spatial analysis and modelling in GIS environments; scale and aggregation issues; systematic aggregation of areal data.

School of Geography, Politics and Sociology, University of Newcastle-upon-Tyne, Newcastle-upon-Tyne NE1 7RU, UK
Tel: +44-191-222-6358; Fax: +44-191-222-5421;
E-mail: S.Alvanides@newcastle.ac.uk

Luc Anselin

Professor and Director of the Spatial Analysis Laboratory in the Department of Geography, University of Illinois. Research interests: regional economic and demographic analysis; spatial econometrics and spatial statistics; statistical computing; GIS and spatial analysis.

Department of Geography, University of Illinois, 330 Davenport Hall (MC-150), 607 South Mathews Avenue, Urbana IL 61801-3671, USA
E-mail: anselin@uiuc.edu

Richard J Aspinall

Professor and Chair of the Department of Geography, Arizona State University. Research interests: environmental applications of GIS and spatial analysis; data quality issues; integrating socioeconomic and environmental modelling for land-use applications.

Department of Geography, Arizona State University, P.O. Box 870104, Tempe, AZ 85287-0104, USA.
Tel: +1-480-965-7533; Fax: +1-480-965-8313;
E-mail: Richard.Aspinall@asu.edu

Lawrence E Band

Voit Gilmore Distinguished Professor and Chair at the Department of Geography, University of North Carolina. Research interests include hydrology; geomorphology; GIS and environmental modelling.

Department of Geography, University of North Carolina, Chapel Hill, NC 27599-3220, USA
E-mail: lband@email.unc.edu

Mike Barnsley

Research Professor of Remote Sensing and GIS at the University of Wales Swansea. Research interests: estimation of land-surface biophysical properties by remote sensing; mapping, monitoring, and analysis of urban areas using very high resolution satellite images, including the development of graph-based spatial analytical tools; scaling and generalisation in remote sensing and GIS.

Department of Geography, University of Wales Swansea, Singleton Park, Swansea SA2 8PP, Wales
Tel: +44-1792-295647; Fax: +44-1792-295955;
E-mail: m.barnsley@swansea.ac.uk

Michael Batty

Professor of Spatial Analysis and Planning at the Centre for Advanced Spatial Analysis, University College London. Research interests include visualisation; urban systems modelling; urban morphology; planning and design processes.

CASA, University College London, 1-19 Torrington Place, London WC1E 7HB, UK
Tel: +44-20-7679-1781; Fax.: +44-20-7813-2843;
E-mail: m.batty@ucl.ac.uk

M Kate Beard-Tisdale

Professor and Chair, Department of Spatial Information Science and Engineering, University of Maine. Research interests: spatial data quality; metadata; automated generalisation.

Department of Spatial Information Science and Engineering, University of Maine, 5711 Boardman Hall, Room 348, Orono, Maine 04469-5711, USA
Tel: +1-207-581-2147; Fax: +1-207-581-2206;
E-mail: beard@spatial.maine.edu

Yvan Bédard

Professeur Titulaire at the Département Sciences géomatiques, Université Laval. Research interests: spatial database analysis; spatial data warehousing; spatio-temporal reasoning; organisational issues related to the implementation of geomatics technologies.

Dép Sciences Géomatiques, Centre de recherche en géomatique, Local 1355, Pavillon Casault, Université Laval, Québec, QC G1K 7P4, Canada
Tel: +1-418-656-2131 ext. 3694; Fax: +1-418-656-7411;
E-mail: yvan.bedard@scg.ulaval.ca

Tor Bernhardsen

Senior Consultant at Asplan Viak in Norway. Research interests include implementing GIS and cost/benefit analysis.

Asplan Viak, PO Box 1699, N-4801, Arendal, Norway
Tel: +47-37-035560; Fax: +47-37-023280;
E-mail: tor.bernhardsen@asplanviak.no

Peter R Bibby

Lecturer in Town and Regional Planning at the University of Sheffield. Main research interest is representational systems in urban planning.

Department of Town and Regional Planning, Geography and Planning Building, University of Sheffield, Winter Street, Sheffield, S3 7ND, UK
Tel: +44-114-222-6181; Fax: +44-114-272-2199;
E-mail: p.r.bibby@sheffield.ac.uk

Mark Birkin

Lecturer at the School of Geography and Director of the Informatics Institute, at the University of Leeds, UK. Main research interests: generation of market intelligence from spatial data; application of geographical models to commercial markets; the use of GIS to improve decision-making within business.

School of Geography, University of Leeds, Woodhouse Lane, Leeds, LS2 9JT, UK
Tel.: +44-113-34-36838; Fax: +44-113-34-33308;
E-mail: M.Birkin@geography.leeds.ac.uk

Barry Boots

Professor of Geography and Environmental Studies at Wilfrid Laurier University, Ontario. Research

interests: modelling spatial processes; spatial patterns; spatial statistics.

Department of Geography and Environmental Studies,
Wilfrid Laurier University, Waterloo, Ontario N2L 3C5,
Canada

Tel: +1-519-884-1970; Fax: +1-519-725-1342;
E-mail: bboots@mach1.wlu.ca

Kurt Buehler

President of Image Matters LLC. Research interests include open systems; geographical data models, standards; open GIS; object-oriented databases; and interoperability.

Image Matters LLC, 1580 Whisnand Road, Bloomington,
IN 47408, USA

E-mail: kbuehler@opengis.org

Barbara P Buttenfield

Associate Professor in the Department of Geography at the University of Colorado. Research interests: visualisation; spatial data delivery on the Internet; interface design and evaluation.

Department of Geography, University of Colorado,
Boulder, CO 80309, USA

Tel: +1-303-492-3618; Fax: +1-303-492-7501;
E-mail: babs@colorado.edu

Antonio Câmara

Associate Professor in Environmental Systems Analysis at the New University of Lisbon. Research interests: environmental simulation; geographical information systems and multimedia; virtual reality; ecological modelling; water quality modelling.

Department of Environmental Science and Engineering,
New University of Lisbon, Monte de Caparica, 2875,
Portugal

Tel: +351-1-295-4464 ext. 0104; Fax: +351-1-294-2441;
E-mail: asc@mail.fct.unl.pt

Heather J Campbell

Professor and Head of Department at the Department of Town and Regional Planning, University of Sheffield. Research interests: technological innovation; GIS implementation; planning theory.

Department of Town and Regional Planning, University
of Sheffield, Western Bank, Sheffield S10 2TN, UK

Tel: +44-114-222-6306; Fax: +44-114-272-2199;
E-mail: h.j.campbell@sheffield.ac.uk

Richard L Church

Professor of Geography at the Department of Geography and the NCGIA, University of California at Santa Barbara. Research interests: location model development; transportation planning and logistics; land management and ecosystems planning; and GIS.

Department of Geography and NCGIA, University of
California at Santa Barbara, Santa Barbara, CA 93106
4060, USA

Tel: +1-805-893-4217; Fax: +1-805-839-3146;
E-mail: church@geog.ucsb.edu

Graham P Clarke

Professor of Retail and Marketing Geography at the School of Geography, University of Leeds. Research interests: urban geography; retail and marketing geography; GIS and spatial modelling.

School of Geography, University of Leeds, Woodhouse
Lane, Leeds, LS2 9JT, UK

Tel.: +44-113-34-33323; Fax: +44-113-34-33308;
E-mail: g.p.clarke@leeds.ac.uk

Martin Clarke

Professor of Geographical Modelling at the University of Leeds and currently seconded to GMAP Consulting. Research interests: the development and application of spatial modelling methods including spatial interaction and microsimulation; the development of decision support systems that integrate these methods with GIS.

GMAP Consulting, One Park Lane, Leeds LS3 1EP, UK
Tel: +44-113-242-4334; Fax: +44-113-242-4554;
E-mail: martin.c.clarke@btinternet.com

David J Coleman

Dean of the Faculty of Engineering and Professor of Geodesy and Geomatics Engineering at the University of New Brunswick. Research interests: system performance determination in network environments and application of computer-supported cooperative work (CSCW) concepts to geomatics production workflow design.

Department of Geodesy and Geomatics Engineering,
University of New Brunswick, Head Hall, Rm. C-28, 15
Dineen Drive, Fredericton, New Brunswick E3B 5A3,
Canada

Tel. +1-506-453-4570; Fax +1-506-453-4569;
E-mail: dcoleman@unb.ca

Helen Couclelis

Professor in the Department of Geography at the University of California. Research interests: planning; geographical methodology; theories of space and time; cellular automata; geographical data modelling.

Department of Geography, University of California, Santa Barbara, CA 93106, USA

Tel: +1-805-893-2196; Fax: +1-805-893-4146;

E-mail: cook@geog.ucsb.edu

Thomas J Cova

Assistant Professor at the Center for Natural & Technological Hazards, University of Utah.

Research interests: transportation; hazards; GIS and operations research.

Department of Geography, University of Utah, 260 S. Central Campus Dr., Rm. 270, Salt Lake City, UT 84112-9155, USA

Tel: +1-801-581-7930; Fax: +1-801-581-8219;

E-mail: cova@geog.utah.edu

Michael R Curry

Professor in the Department of Geography, University of California, Los Angeles. Research interests: geographical aspects of technological change; cultural and ethical aspects of geographical technologies; history of geographical ideas.

Department of Geography, University of California, Los Angeles, CA 90095, USA

Tel: +1-310-825-3122; Fax: +1-310-206-5976;

E-mail: curry@geog.ucla.edu

Peter F Dale

Retired. Research interests: land, land information and land management; cadastral systems and land registration; professional practice.

5 The Avenue, Bar, Girvan, South Ayrshire KA26 9TX, UK

Tel: +44-1465-861227

E-mail: peter.f.dale@btinternet.com

Ian J Dowman

Professor of Geomatic Engineering at University College London. Research interests: digital photogrammetry; automation of mapping processes; and mapping from satellite data.

Department of Geomatic Engineering, University College London, Gower Street, London WC1E 6BT, UK

Tel: +44-20-7679-7226; Fax: +44-20-7380-0453;

E-mail: idowman@ge.ucl.ac.uk

Geoffrey Dutton

Research interests include spatial data modelling; the generalisation of spatial data; and geospatial metadata.

20 Payson Road, Belmont, MA 02478, USA

Tel: +41-1-635-52-55; Fax: +41-1-635-68-48;

E-mail: Geoff.Dutton@mathworks.com

J Ronald Eastman

Research interests: the development of decision support routines and methodologies using GIS; incorporation of error and uncertainty in GIS analysis; sustainable implementation of information systems technology; change and time series analysis; and community-based mapping.

The Clark Labs for Cartographic Technology and Geographic Analysis, Clark University, Worcester, MA 01610, USA

Tel: +1-608-793-7526; Fax: +1-508-793-8842;

E-mail: REastman@clarku.edu

Max J Egenhofer

Associate Professor in Spatial Information Science and Engineering and Director of NCGIA at the University of Maine. Research interests: geographical database systems; spatial reasoning; GIS user interface design.

NCGIA, University of Maine, Orono, ME 04469-5711, USA

Tel: +1-207-581-2114; Fax: +1-207-581-2206;

E-mail: max@spatial.maine.edu

Susan Elshaw Thrall

Professor of Computer Science at Lake City Community College in Florida. Research interests: GIS application programming and programming languages; desktop GIS; geographically enabling data; GIS education.

Business/Industrial Division, Lake City Community College, RT 19, Box 1030, Lake City, Florida 32025, USA

Tel: +1-904-752-1822 ext. 1366; Fax: +1-352-335-7268;

E-mail: sthrall@cox.net

John E Estes

Deceased, formerly Professor of Geography at the University of California and Director of the Remote Sensing Research Unit.

Robert J Fincham

Professor and Director at the Centre for Environment & Development (CEAD), University

of KwaZulu-Natal, RSA. Research interests: nutrition surveillance and nutrition information systems development; GIS applications in health and development.

Centre for Environment & Development (CEAD),
University of KwaZulu-Natal, Private Bag X01, Scottsville
3209, Republic of South Africa
Tel: +27-33-260-5193/6223; Fax: +27-33-260-6118;
E-mail: fincham@ukzn.ac.za

Manfred M Fischer

Professor of Economic Geography at the Vienna University of Economics and Business Administration. Research interests: GIS and spatial analysis; spatial neurocomputing; spatial behaviour and processes, regional labour and housing markets; transportation, communication, and mobility; technological change and regional economic development.

Department of Economic Geography & Geoinformatics,
Vienna University of Economics and Business
Administration, Nordbergstraße 15/4/A, A-1090 Vienna,
Austria
Tel: +43-1-31336-4836; Fax: +43-1-31336-703;
E-mail: Manfred.Fischer@wu-wien.ac.at

Peter F Fisher

Professor of Information Science at City University, London. Special research interests include uncertainty modelling and visualisation, and visible area analysis.

Department of Information Science, City University,
Northampton Square, London EC1V 0HB, UK
Tel: +44 020 7040 8381; Fax: +44 020 7040 8584;
E-mail: pff1@soi.city.ac.uk

Leila De Floriani

Department of Computer and Information Sciences at the University of Genova. Research interests: geometric models and algorithms for GIS; terrain models; structures and algorithms for visibility computations; visualisation.

Department of Computer and Information Sciences,
University of Genova, Via Dodecaneso 35, 16146 Genova,
Italy
Tel: +39-10-353-6704; Fax: +39-10-353-6699;
E-mail: deflo@disi.unige.it

Pip Forer

Professor of Geography and Geographic Information Studies at the University of Auckland. Pip Forer has symbiotic interests in GIS, individual

human geographies, space-time modelling and educational technology. He is currently engaged in applying GIS to urban structural analysis, tourism planning, Maori economic development, and implementing enhanced learning environments.

School of Geography and Environmental Science, The University of Auckland, Private Bag 92019, Auckland, New Zealand
Tel: +64-9-373-7599 ext. 85183; Fax: +64-9-3737-434;
E-mail: p.forer@auckland.ac.nz

Greg G Forsyth

GIS Project Manager at CSIR in Stellenbosch, South Africa. Research interests: environmental information systems; GIS in natural resource management; GIS in integrated rural development. CSIR, PO Box 320, Stellenbosch 7599, South Africa
Tel: +27-21-887-5101; Fax: +27-12-886-4659;
E-mail: gforsyth@csir.co.za

Carolyn Fry

Freelance science writer and former editor of *Geographical Magazine*. Research interests: science and technology journalism.
41 Alexandra Drive, London SE19 1AW, UK.
Tel: +44-208-670-1075;
E-mail: carolyn@fry.mistral.co.uk

John C Gallant

Postdoctoral Fellow at the Centre for Resource and Environmental Studies at the Australian National University. Research interests: terrain analysis; wavelet and spectral analysis; scale issues in land-surface; and hydrological modelling.
Centre for Resource and Environmental Studies,
Australian National University, Canberra, ACT 0200,
Australia
Tel: +61-6-249-0666, Fax: +61-6-249-0757;
E-mail: johng@cres.anu.edu.au

Kenn Gardels

Deceased

Anthony C Gatrell

Professor and Dean, Faculty of Social Sciences, University of Lancaster. Research interests: geography of health; spatial data analysis; socioeconomic applications of GIS.
Institute of Health Research, Lancaster University,
Lancaster LA1 4YB, UK
Tel: +44-1524-593754; Fax: +44-1524-592401;
E-mail: a.gatrell@lancaster.ac.uk

Arthur Getis

Distinguished Professor of Geography at the Department of Geography, San Diego State University, California. Research interests include the development of spatial statistics, particularly with regard to analysis using large datasets, and the spatial study of disease distributions and urban land-use change.

Department of Geography, San Diego State University, San Diego, CA 92182, USA
Tel: 1-619-594-6639; Fax: 1-619-594-4938;
E-mail: arthur.getis@sdsu.edu

Chuck Gilbert

Technical Services Manager with Trimble Navigation Ltd in California. Special research interest: global positioning systems.

Trimble Navigation Ltd, 645 North Mary Avenue, Sunnyvale, CA 94086, USA
Tel: +1-408-481-2812; Fax: +1-408-481-8699;
E-mail: chuck_gilbert@trimble.com

Stephen C Guphill

Scientific Advisor, US Geological Survey. Research interests: data quality; data structures; GIS design; federated geospatial data systems; GIS policy issues.

US Geological Survey, Reston, VA 20192, USA
Tel: +1-703-648-4520; Fax: +1-703-648-5542;
E-mail: sguphill@usgs.gov

Gerard B M Heuvelink

Associate Professor in Pedometrics at the Wageningen University and Research Centre. Research interests are geostatistics and error propagation in GIS.

Wageningen University and Research Centre, P.O. Box 37, 6700 AA Wageningen, The Netherlands
Tel: +31-317-474628; Fax: +31-317-482420;
E-mail: gerard.heuvelink@wur.nl

Mark E T Horn

Research Scientist at CSIRO Mathematical and Information Sciences in Australia. Research interests: decision support systems; locational analysis; transport planning.

CSIRO Mathematical and Information Sciences, GPO Box 664, Canberra ACT 2601, Australia
Tel: +61-2-6216-7054; Fax: +61-2-6216-7111;
E-mail: mark.horn@csiro.au

Gary J Hunter

Senior Lecturer in the Department of Geomatics and Deputy Director of the Centre for GIS and Modelling at the University of Melbourne. Research interests: data quality and uncertainty in GIS; spatial data algorithms.

Department of Geomatics, University of Melbourne, Parkville, Victoria 3010, Australia
Tel: +61-3-8344-6806; Fax: +61-3-9347-2916;
E-mail: garyh@unimelb.edu.au

Michael F Hutchinson

Senior Fellow at the Centre for Resource and Environmental Studies at the Australian National University. Research interests: spatial interpolation; digital elevation modelling; spatial and temporal analysis of climate; scale issues in ecological and hydrological modelling.

Centre for Resource and Environmental Studies, Australian National University, Canberra, ACT 2601, Australia
Tel: +61-6-249-4783; Fax: +61-6-249-0757;
E-mail: hutch@cres.anu.edu.au

Ron J Johnston

Professor of Geography at the University of Bristol. Research interests: political geography; electoral geography; political economy of the environment.

Department of Geography, University of Bristol, University Road, Bristol BS8 1SS, UK
Tel: +44-117-9289116; Fax: +44-117-9287878;
E-mail: r.johnston@bristol.ac.uk

Menno-Jan Kraak

Professor of Cartography at ITC - the International Institute of Geo-Information Science and Earth Observation. Research interests: 3-dimensional, temporal, and dynamic visualisation of spatial data.

ITC, Department of Geo-Information Processing, PO Box 6, 7500 AA Enschede, The Netherlands
Tel: +31-534-784463; Fax: +31-534-874335;
E-mail: kraak@itc.nl

Werner Kuhn

Associate Professor of Geoinformatics and Digital Cartography at the University of Münster, Germany. Research interests: semantics of spatial information; human-computer interaction; workflows with GIS.

Department of Geoinformatics, University of Münster, Robert-Koch-Strasse 26–28, D-48151, Münster, Germany
Tel: +49-251-8334707; Fax: +49-251-8339763;
E-mail: kuhn@ifgi.uni-muenster.de

Art Lange

Product Manager with Trimble Navigation Ltd in California. Special research interest: global positioning systems.

Trimble Navigation Ltd, 645 North Mary Avenue, Sunnyvale, CA 94086, USA
Tel: +1-408-481-2994; Fax: +1-408-481-6074;
E-mail: art_lange@trimble.com

Lars C Larsen

Chief Engineer at the Hydro Informatics Centre in Denmark. Research interests include environmental modelling and information systems.

Hydro Informatics Centre, Danish Hydraulic Institute, Agern Alle 5, DK 2970, Hørsholm, Denmark
Tel: +45-45769555, Fax: +45-45762567;
E-mail: lcl@dhi.dk

Mary L Larsgaard

Assistant Head of the Map and Imagery Laboratory at the University of California, Santa Barbara. Research interests: metadata for georeferenced information and 20th-century topographic and geologic maps.

Map and Imagery Laboratory, Davidson Library, University of California, Santa Barbara, CA 93106, USA
Tel: +1-805-893-4049; Fax: +1-805-893-8799;
E-mail: mary@library.ucsb.edu

Thomas R Loveland

US Geological Survey in South Dakota. Research interests: large-area land cover mapping; remote sensing applications; role of geographic data in image classification.

US Geological Survey, EROS Data Center, Sioux Center, SD 57198, USA
Tel: +1-605-594-6066; Fax: +1-605-594-6529;
E-mail: Loveland@edcmail.cr.usgs.gov

David R MacDevette

Director of Empowerment for African Sustainable Development (EASD). Research interests: environmental information systems; decision support systems; GIS for education and public information; information for African development.

PO Box 165, Green Point 8051, Cape Town, South Africa
Tel: +27-21-434-6012; Fax: +27-21-434-6134;
E-mail: dave@easd.org.za

Paola Magillo

Department of Computer and Information Sciences

at the University of Genova. Research interests: geometric models and algorithms for GIS; terrain models; structures and algorithms for visibility computations; visualisation.

Department of Computer and Information Sciences, University of Genova, Via Dodecaneso 35, 16146 Genova, Italy
Tel: +39-10-353-6704; Fax: +39-10-353-6699;
E-mail: magillo@didi.unige.it

David M Mark

National Center for Geographic Information and Analysis, State University of New York at Buffalo. Research interests: cognitive science; cognitive models of geographical phenomena; critical social history of GIS; languages of spatial relations; qualitative spatial reasoning.

NCGIA/Department of Geography, University of Buffalo, Buffalo, NY 14261, USA
Tel: +1-716-645-2545 ext. 48; Fax: +1-726-645-5957;
E-mail: dmark@geog.buffalo.edu

David Martin

Professor of Geography at the University of Southampton. Research interests: socioeconomic GIS applications; census analysis; medical geography.

Department of Geography, University of Southampton, Southampton SO17 1BJ, UK
Tel: +44-23-8059-3808; Fax: +44-23-8059-3295;
E-mail: d.j.martin@soton.ac.uk

Robin A McLaren

Director of Know Edge Ltd in Edinburgh, Scotland. Research interests: business modelling in NLIS; management of change; visualisation; Web-based information services.

Know Edge Ltd, 33 Lockharton Avenue, Edinburgh EH14 1AY, UK
Tel: +44-131-443-1872; Fax: +44-131-443-1872;
E-mail: robin.mclaren@knowledge.com

Jeffery R Meyers

President of Miner & Miner, Consulting Engineers Inc. in Colorado. Research interests: electrical and gas utilities; GIS design and implementation.

Miner & Miner, Consulting Engineers, Inc., 4701 Royal Vista Circle, Fort Collins, CO 80528, USA
Tel: +1-970-223-1888, x110; Fax: +1-970-223-5577
E-mail: jeff.meyers@miner.com

Lubos Mitas

Associate Professor at North Carolina State University. Research interests: computational and quantum physics; Monte Carlo methods; spatial interpolations; and modelling of landscape processes.

Department of Physics, Center for High Performance Simulation, North Carolina State University, 110 Cox Hall, 2700 Stinson Rd, Raleigh, NC 27695-8202, USA
E-mail: lmitas@unity.ncsu.edu

Helena Mitasova

Works at North Carolina State University. Research interests: surface modelling and analysis; multidimensional dynamic cartography; modelling of landscape processes; and visualisation.

Department of Marine, Earth and Atmospheric Sciences, North Carolina State University, 1125 Jordan Hall, NCSU Box 8208, Raleigh, NC 27695-8208, USA
Tel: +1-217-333-4735; Fax: +1-217-244-1785;
E-mail: hmitaso@unity.ncsu.edu

Jorge Nelson Neves

PhD student in the Environmental Systems Analysis Group at the New University of Lisbon. Research interests: virtual environments; geographical information systems.

Department of Environmental Science and Engineering, New University of Lisbon, Monte de Caparica, 2875, Portugal
Tel: +351-1-2954464 ext. 0104; Fax: +351-1-2942441;
E-mail: jnn@mail.fct.unl.pt

Nancy J Obermeyer

Associate Professor of Geography at the Indiana State University. Research interests: institutional and societal issues related to the implementation of GIS; political/administrative geography.

Indiana State University, Terre Haute, Indiana 47809, USA
Tel: +1-812-237-4351; Fax: +1-812-237-2567;
E-mail: genancyo@isugw.indstate.edu

Harlan J Onsrud

Associate Professor at the Department of Spatial Information Science and Engineering at the University of Maine. Research interests: legal, policy, and institutional issues surrounding geographic information.

Department of Spatial Information Science and Engineering, University of Maine, Orono, ME 04469-5711, USA

Tel: +1-207-581-2175; Fax: +1-207-581-2206;
E-mail: onsrud@spatial.maine.edu

Peter van Oosterom

Professor of GIS technology at the Delft University of Technology. Research interests: Spatial databases (DBMS), GIS architectures, spatial analysis, generalisation, querying and presentation; Internet/interoperable GIS and cadastral applications.

Delft University of Technology, OTB, Section GIS-technology, Jaffalaan 9, 2628 BX Delft, The Netherlands
Tel: +31-15-2786950; Fax: +31-15-2782745;
E-mail oosterom@geo.tudelft.nl

Stan Openshaw

Retired because of ill health; previously Professor of Geography at the University of Newcastle upon Tyne and the University of Leeds. Research interests: computer modelling and spatial analysis; artificial intelligence, high-performance computing; GIS.

Donna J Peuquet

Professor at the Department of Geography at Pennsylvania State University. Research interests: spatial and spatio-temporal representations; spatial cognition; spatial languages; GIS design methodologies; and general issues relating to GIS.

Department of Geography, 302 Walker Building, The Pennsylvania State University, University Park, PA 16802, USA
Tel: +1-814-863-0390; Fax: +1-814-863-7943;
E-mail: peuquet@geog.psu.edu

John Pickles

Earl N. Phillips Distinguished Chair of International Studies at the University of North Carolina. Research interests: social theory; philosophy of science; political economy of technology and socio-spatial change; and regional development in South Africa and Eastern Europe.

Department of Geography and the Curriculum in International and Area Studies, University of North Carolina, Chapel Hill, NC 27599-3220, USA
Tel: +1-606-257-1362; Fax: +1-606-258-1969;
E-mail: jpickles@unc.edu

Jonathan F Raper

Professor of Information Science at City University, London. Research interests: philosophy of spatial and temporal representation; 3-dimensional

geometric modelling; spatio-temporal modelling; location-based services; coastal geomorphology.

Department of Information Science, City University, Northampton Square, London EC1V 0HB, UK
Tel: +44-20-7040-8415; Fax: +44-20-7040-8584;
E-mail: raper@soi.city.ac.uk

Francois Salgé

Directeur Exécutif of the Groupe MEGRIN at the Conseil National de l'Information Géographique (CNIG). Research interests: geographic information in all its aspects — production, data management, use and application, economy of the GI sector, quality and quality management, legal and institutional aspects.

Conseil National de l'Information Géographique (CNIG), Paris, France
E-mail: francois.salge@cnig.gouv.fr

Hermann Seeger

Retired

E-mail: Hermann.Seeger@t-online.de

Martyn L Senior

Senior Lecturer in the Department of City and Regional Planning at University of Wales Cardiff. Research interests: geography of health; resource allocation; transport planning.

Cardiff School of City and Regional Planning, Cardiff University, Glamorgan Building, King Edward VII Avenue, Cardiff CF10 3WA, UK
Tel: +44-29-2087-6008; Fax: +44-29-2087-4845;
E-mail: SENIORML@cardiff.ac.uk

John W Shepherd

Professor of Geography at Birkbeck College, University of London. Research interests: urban landuse change; urban and regional planning applications of GIS.

Department of Geography, Birkbeck College, University of London, 7–15 Gresse Street, London W1P 2LL, UK
Tel: +44-207-631-6483; Fax: +44-207-631-6498;
E-mail: j.shepherd@geog.bbk.ac.uk

Michael J Shiffer

Part-time Associate Professor of Urban Planning and Policy at the University of Illinois at Chicago and Vice President responsible for Planning and Development at the Chicago Transit Authority (CTA). Research interests: public planning processes; planning support

systems; spatial multimedia; urban rail transit.

Chicago Transit Authority, P.O. Box 7602, Chicago, IL 60680-7602, USA
Tel.: +1-312-733-7000 x6760; Fax: +1-312-413-2134;
E-mail: mshiffer@uic.edu

Karen Siderelis

Associate Director for Geospatial Information at the US Geological Survey. Research interests: managerial and institutional factors in GIS; national and global spatial data infrastructures.

USGS National Center, Mail Stop 108, USGS National Center, 12201 Sunrise Valley Drive, Reston, VA 20192, USA
Tel.: +1-703-648-4000
E-mail: ksiderelis@usgs.gov

Neil Smith

Formerly Senior Consultant at Ordnance Survey, now retired but acting as independent consultant.

E-mail: NSmith8757@aol.com

Jane Smith Patterson

Executive Director, North Carolina Rural Internet Access Authority; Chair, North Carolina Healthcare Information and Communications Alliance; Senior Advisor to the Governor of North Carolina for Science and Technology; Former Vice President, ITT Corp.

E-mail: jpatterson@e-nc.org

Mark Sondheim

Head of the Strategic Developments Unit in Geographic Data British Columbia, an agency of the government of British Columbia. Research interests: interoperability; geographic object modelling; large geographic databases; open GIS, object-oriented databases; terrain analysis.

Geographic Data BC, 1802 Douglas Street, Victoria, British Columbia V8T 4K6, Canada
Tel: +1-250-387-9352; Fax: +1-2501-356-7831;
E-mail: Mark.Sondheim@gems3.gov.bc.ca

Larry J Sugarbaker

GIS Manager at the Department of Natural Resources in Washington. Research interests: GIS management; geographical data integration; natural resource applications of GIS.

Department of Natural Resources, PO Box 47020, Olympia, WA 98504-7020, USA
Tel: +1-360-902-1546; Fax: +1-360-902-1790;
E-mail: larry.sugarbaker@wadnr.gov

David Swann

Defense Marketing Manager, ESRI Inc. Main research interest: military applications of GIS, especially communication information.

ESRI Inc., 380 New York Street, Redlands, CA 92373, USA

Tel: +1-909-793-2853; Fax: +1-909-793-5953;

E-mail: dswann@esri.com

Grant I Thrall

Professor of Geography at the University of Florida. Research interests: spatial analysis of urban commercial and residential land markets; commentaries on geographic technology as an emerging business sector.

Department of Geography, 3121 Turlington, University of Florida, Gainesville, FL 32611, USA

Tel: +1-352-392-0494; Fax: +1-352-392-8855;

E-mail: thrall@geog.ufl.edu

David Unwin

Retired and part time consultant. Research interests: visualisation methods; the development and application of local statistics; and the construction of virtual enhancements to field courses, geographical and GISc education.

Rectory Cottages, Draughton Road, Maidwell, Northamptonshire NN6 9JF, UK

Tel: +44-1604-686526

E-mail: 106464.743@compuserve.com

Howard Veregin

Works at Rand McNally Corporate Headquarters. Research interests: geospatial data quality assessment; simulation modelling of error; error propagation; metadata analysis; classification accuracy; and the effects of scale and resolution on data quality.

Rand McNally Corporate Headquarters, 8255 Central Park Ave., Skokie, IL 60076, USA

Nigel M Waters

Full Professor of Geography at the University of Calgary. Research interests: GIS in transportation; and spatial analytical methods.

Department of Geography, University of Calgary, 2500 University Drive, NW Calgary, Alberta T2N 1N4, Canada

Tel: +1-403-220-5367; Fax: +1-403-282-6561;

E-mail: nwaters@acs.ucalgary.ca

Robert Weibel

Assistant Professor of Spatial Data Handling at the University of Zurich's Department of Geography. Research interests: generalisation of spatial data, digital terrain modelling, and cartographic visualisation.

Department of Geography, University of Zurich, Winterthurerstrasse 190, 8057 Zurich, Switzerland

Tel: +41-1-636-52-55; Fax: +41-1-635-68-48;

E-mail: weibel@geo.unizh.ch

John P Wilson

Professor of Geography; Director, USC GIS Research Laboratory at the University of Southern California. Research interests: terrain analysis; environmental modelling; and environmental applications of GIS.

Department of Geography, University of Southern California, Los Angeles, CA 90089-0255, USA

Tel: +1-213-740-1908; Fax: +1-213-740-9687;

E-mail: jpwilson@rcf.usc.edu

Michael F Worboys

Professor at the NCGIA and Department of Spatial Information Science and Engineering at the University of Maine. Research interests include computational foundations of GIS; geospatial database technology.

NCGIA and Department of Spatial Information Science and Engineering, Room 327, 5711 Boardman Hall, University of Maine, Orono, ME 04469-5711, USA

Tel: +1-207-581-3679; Fax: +1-207-581-2206

E-mail: worboys@spatial.maine.edu

Anthony Gar-On Yeh

Professor and Director at the GIS Research Centre in Hong Kong and Assistant Director of the Centre of Urban Planning and Environmental Management. Research interests: urban and regional applications of GIS; urban development; and planning in China and Asia.

University of Hong Kong, Pokfulam Road, Hong Kong

Tel: +852-2859-2721; Fax: +852-2559-0468;

E-mail: hdxugoy@hkucc.hku.hk
